**Photography Assignment:**

# Tree Time-Lapse Project

**Objective:**

Capture the changing beauty of a deciduous tree over several weeks.

**What to Do:**
- **Choose a Tree:**
  - Pick your favorite deciduous tree on campus.
- **Weekly Photos:**
  - Photograph the tree **once a week**.
  - Use the **same spot**, **angle**, **lens**, and **camera settings** each time.
  - Shoot at the **same time of day** for consistent lighting.
- **Duration:**
  - Continue this process for **several weeks** to document the changes.

**Submission Details:**
- **Deadline:**
Upload all your photos by Wedne**sday, December 18, 2024**.

- **File Naming:**
Name your files like this:
YourName.TreeTimeLapse.WeekX.jpg
*Example:* AlexSmith.TreeTimeLapse.Week1.jpg

- **Upload:**
Submit your images to your portfolio as a series.

**Tips:**
- **Consistency is Key:**
Keeping everything the same highlights how the tree changes over time.
- **Mark Your Spot:**
Consider marking where you stand to ensure the same framing each week.

**Enjoy the Process!**

Witness and capture the subtle transformations of nature.
